EDUCATION

BSc in Computer Science & Engineering

University of Information Technology & Sciences (UITS)

Expected Graduation: June 2026

SKILLS

Backend Technologies

Node.js, Express, RESTful APIs

Programming Languages

JavaScript, C++, C

Database & Cloud

MongoDB, Firebase, Cloudinary

Tools & Others

Git, Socket.IO, Mapbox, Multer

EXPERIENCE

Backend Development Intern (Industrial Attachment)

Dec 2025

Brain Station 23

- Contributed to backend development of BiteNow, a production-grade food delivery platform
- Implemented secure RESTful APIs using Node.js, Express, and MongoDB
- Worked with Cloudinary, Mapbox, Socket.IO, and database transactions
- Collaborated in a Git-based team environment following Agile development practices and CI/CD workflows

PROJECTS

BiteNow – Food Delivery Platform

(Node.js, Express, MongoDB, Socket.IO, Mapbox)

- Built RESTful APIs for a rider management system handling order assignment, status tracking, and delivery workflows
- Developed restaurant owner modules with full CRUD operations for menu management and order processing
- Integrated Cloudinary and Multer for image and document uploads
- Implemented real-time location tracking using Mapbox API and Socket.IO

Live Demo: bite-now.netlify.app

UITS ACI Student Chapter Website

(React, Firebase, Sanity CMS, Tailwind CSS)

- Implemented Firebase Authentication and Firestore for member management, attendance tracking, and payments
- Integrated headless Sanity CMS with 10+ custom schemas for dynamic content management
- Streamlined operations for over 100 members, reducing manual effort by 80%

Live Demo: aciuits.netlify.app/uitsCIVIL

TazaBazar – Agricultural Marketplace

(React, Tailwind CSS, Vite)

- Developed frontend dashboards for farmers and consumers with product listings and bidding features
- Implemented responsive UI supporting three user roles with dynamic routing and CRUD functionality

Live Demo: taza-bazar.netlify.app

ACHIEVEMENTS

- Codeforces (Shahriar.Opu): Highest rating **1077**, solved 650+ problems
- Solved over 1200 problems across Codeforces, LeetCode, CodeChef, LightOJ, and UVA
- Participated in 60+ online and 20+ offline programming contests
- ICPC Dhaka Regional Preliminary 2023, 2024, 2025 — Team: UITS_AIMERS
- UITS Contest Feb 2025 — 6th out of 20 teams
- UITS Intra-University Contest Spring 2025 — 6th out of 60+ teams

EXTRA CURRICULAR

Mentored junior students in competitive programming through structured algorithm teaching and problem-solving sessions.
